1. Operated as normal landfill in abandoned gravel pits from 1957 - 61. Landfill site was known as "Acie Seals Property" at time of use. Site is now occupied by a commercial business and is located within the city limits of Grand Prairie.

2. See attached map for directions. Dots show approximate location of well described below on Sandy Lane.

3. All waste from the City of Irving and a significant quantity from the City of Grand Prairie was received, dumped into gravel pits and burned. Suspect waste was usually mixed with refuse and then burned. Waste was buried during rain and peak periods including most summer months.

During this time a pit was set aside near back of property for the receipt of large quantities (tanker loads) of thick oil substance from Trumbull Asphalt in Irving. After receipt into pit, substance was then burnt. During one incident, contents of this pit overflowed during a rain-storm and spilled into another pit near the front of the property. This substance is said to have been reported to the Dallas County Health Department as having traveled under ground into
